**Subject: Immediate Interim Suspension of all Chapter Operations**

Michael:

This letter is to inform you that the National Fraternity has placed the Iota Epsilon chapter at The University of Central Florida under immediate interim suspension, and is initiating a formal investigation into reported allegations of potential violations of Delta Sigma Phi Policies.

Therefore, all chapter operations and activities associated with the Iota Epsilon chapter are prohibited until the completion of Delta Sigma Phi's investigation. The Executive Board should work immediately to ensure the following actions are completed upon receipt of this notification:

- ☐ The Executive Board should inform all members of the current status of the chapter and reiterate full compliance with all expectations set forth by the National Office.
- ☐ The Executive Board should inform all members to cease any and all activities associated with the Facebook page known as "The Dog Pound".

The intention of this interim suspension and investigation is to convey the severity of the reported allegation. Failure to comply could potentially result in individual member expulsion from the Fraternity and loss of recognition for the Iota Epsilon chapter at the University of Central Florida.

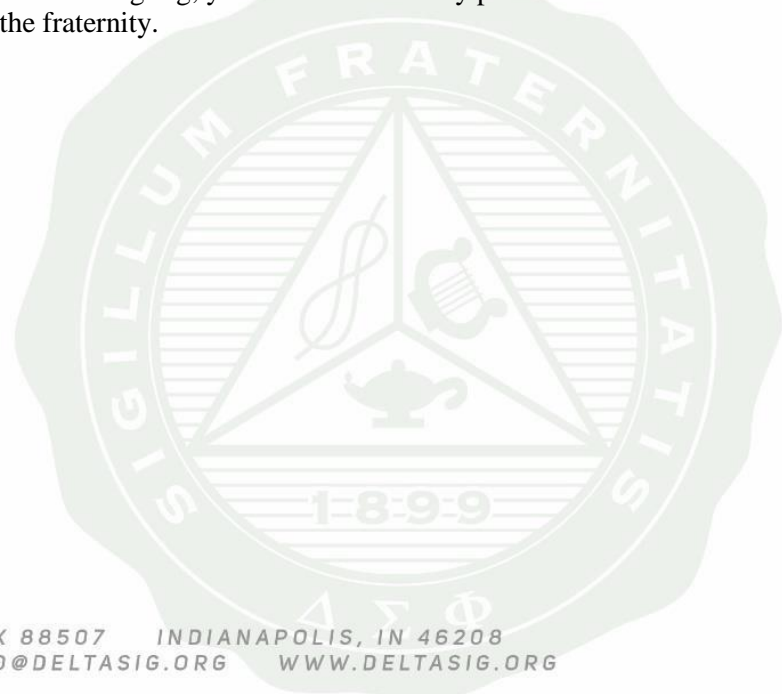

I look forward to working with you and the chapter in the coming weeks. Please do not hesitate to reach out to me with any questions. My email address is noon@deltasig.org; you can contact me by phone at (317) 439-4963. Thank you for your commitment to the fraternity.

Regards,
